Personal Steward Assessment: Three questions?

1.) What is it that you value most in life?

Family, Sports, Hobbies, Work, Freedom?

What about Stable society, Food supply, Safety concerns?

How does the earth itself provide for any of these which you value?

2.) In what ways am I benefitting from the spoils of the earth?

Where does the energy I use come from?

Water, Wind, Earth resources, or Solar?

What about home comforts?

Excess (wants) or sufficiency (needs)?

What about my abundance?

Am I simply storing them up?

3.) Then, in what ways am I spoiling the earth?

It's Resources?

Energy sources, Trees, Food, Clothing, Water?

It's Materials?

Plastics, Clothing, Metals, Animals?

What can we change to become a better stewards of what God has given us?
